Fan Filter Replacement Kit
00175-69501

The fan filter (hp Part No. 3150-0023) is no longer available. It is replaced by an improved filter which has different physical dimensions.

Parts Included in Filter Replacement Kit

Quantity	Description	hp Part No.
1	Filter	3150-0027
2	Filter Bracket	175A-12U
4	Stand off	0380-0012
4	Screws 6-32 x 1/4"	2370-0009
1	Service Note	175A-10

Replacement Procedure

- a. Remove old style fan filter by removing screws, stand-offs, and brackets.
- b. Install new filter using supplied hardware. The new hardware mounts in the same manner as the old style filter.
- c. Change the Replaceable Parts List in your hp Model 175A Operating and Service Manual to incorporate the above changes.
