ADDITIONAL INFORMATION:

Situation:

We will be standardizing the knob color across 34972A and 34970A. The existing green color knob on 34972A will be change to gray color. Please refer to the following picture as below.

Solution/Action:

34972A will use the 34970A's gray color knob as a replacement part. Both instruments will be sharing the same gray color knob and part number. Users can order the P/N: 34970-87401(gray color knob) through service center for 34972A.

The color change on the knob does not create any risk in term of the performance/specification/safety.
