A4 Option Memory Board

A4 Option Memory DRAM change

Situation:

The DRAM chips on the A4 option memory board has changed due to the inavailability of the CMOS DRAMs. The DRAMs are being changed to NMOS DRAMs, part number 1818-3307. The chip affected are U100-U105, U108- U110,U200-U204,U208-U210,U300-U304,U308 & U309 on the A4 option memory board.

The new boards with the NMOS RAMs, can be identified with a new date code of D-2921-38, located under the board's part number and next to the board's revision number.

The NMOS DRAMS are fully compatible in all locations on the A4 board.

Solution/Action:

Use NMOS RAMs, HP part number 1818-3307 to effect any repairs on the A4 option memory board.
