Rev. 16

Situation:

The “LCD” Liquid Cristal Display P/N 5063-3473 is no longer available. The discontinued LCD P/N 5063-3473 has been replaced by LCD P/N 5065-7075. The OLD & NEW displays are not interchangeable.

Solution/Action:

The single load model “6063B” is being manufactured using a new display P/N 5065-7075. The new display has been implemented in the starting serial number MY41000755 & up

Any 6063B having a serial number prior to the serial number MY41000755 and the control board is replaced the display must also be replaced with the new P/N 5065-7075.

Any 6063B having a serial number prior to the serial number MY41000755 and the display P/N 5063-3473 is defective the new display P/N 5065-7075 will not work, the original display P/N 5063-3473 must be used as a replacement.

If there is no stock available of the original display P/N 5063-3473 then both the control board and the NEW display P/N 5065-7075 must be replaced.
