**Situation:**

The original part Agilent p/n 1855-0834 has been discontinued by the manufacturer and the replacement part does not have an isolated package. Therefore, it cannot be mounted directly to the heat sink.

**Solution/Action:**

If the original part fails it may be replaced by the service kit p/n 5063-3418. The kit consists of a new FET, p/n 1855-0874, and an insulator, p/n 0340-1507.
