“Replacement of the Bias Board ”

Situation:

It has been decided to remove the “Dew Detector” feature, beginning with units with serial numbers greater than the given range. The bias board part number has changed.

Solution:

The Bias board p/n that is compatible with older models with the Dew Detector is: 5065-6937.
(Bias boards compatible with newer models without the dew detector feature use p/n: 5065-0646)

Parts Required:

Bias Board: p/n 5065-6937
