Situation:

The 08563-60170 replacement assembly has been widely used when the LCD panel needed to be replaced. However, this assembly now includes two lower level parts that are in a Life-Time Buy (LTB) status. Since only one of these two parts would typically be needed for a repair the replacement assembly has been discontinued so that both LTB parts would not be consumed when only one would be needed.

Solution/Action:

When a replacement LCD is required, instead of ordering the 08563-60170 assembly, order only the lower level part listed below that is required.

Item #	Description	Part #
1	Glass LCD Filter	1000-1014
2	Rubber LCD Mount	5041-9632
3	LCD Panel	2090-1042
