**Situation:**

E36102A DC Power Supply has been discontinued on March 1<sup>st</sup>, 2019. In conjunction with this discontinuance, E36102B has been identified as the replacement product.

The E36102B is a complete drop-in replacement product in form, fit and function, with improved ripple noise performance and added on rackmount capability. Please refer to the table below for the comparison between E36102A and E36102B DC Power Supply.

Feature		E36102A	E36102B
Color		Arctic White	Phantom Gray
Output Noise	Vrms	350µV	350µV
	Vpp	10mV	8mV
Rackmount Capability		No	Yes

If the E36102A inventory for exchange repair is depleted, we will replace the customer defective E36102A units with E36102B.

**Solution/Action:**

Please contact your nearest Keysight Technologies Customer Call Centre and send the E36102A DC Power Supply unit for repair.
