ADDITIONAL INFORMATION:

Situation:

E36105A DC Power Supply has been discontinued on March 1st, 2019. In conjunction with this discontinuance, E36105B has been identified as the replacement product.

The E36105B is a complete drop-in replacement product in form, fit and function, with improved ripple noise performance and added on rackmount capability. Please refer to the table below for the comparison between E36105A and E36105B DC Power Supply.

Feature		E36105A	E36105B
Color		Arctic White	Phantom Gray
Output Noise	Vrms	5mV	1.55mV
	Vpp	100mV	30mV
Rackmount Capability		No	Yes

If the E36105A inventory for exchange repair is depleted, we will replace the customer defective E36105A units with E36105B.

Solution/Action:

Please contact your nearest Keysight Technologies Customer Call Centre and send the E36105A DC Power Supply unit for repair.
