## E4360A – Modular Solar Array Simulator

Serial Numbers: Below "MY54000200" (blue/white). "MY54000200/MY999999999" (amber)

**The Situation** – Blue/white Front Panel LCD Display (below) has been obsoleted.

LCD (blue/white display assembly, p/n 2090-1031) has been discontinued by vendor. Replacement assembly (pictured later) is p/n 5067-6532 (amber in color). Difference in color is unfortunate, but cannot be altered.

ADDITIONAL INFORMATION:

## Solution/Action:

1) New LCD display (5067-6532) is a mechanical & functional “drop-in” replacement for the original.

2) 4-pole dip switch on PPMC PCA must have pole #3 repositioned to “off” as shown below:

3) Instrument firmware must be version D.04.01 or newer for proper operation of this display.
