ADDITIONAL INFORMATION: Compatibility of New DSP Board with E5072A Firmware

---

**Situation:**

There is design change of DSP board for E5072A from E5071-66671 to E5072-66671.

**Solution/Action:**

The new DSP board is compatible with later firmware version of E5072A but **not** with firmware version **B.02.20 and below**. Please refer to Table 1 below for the compatibility.

*Table 1 Compatibility of DSP Board with FW version of E5072A*

E5072A	Old FW (B.02.20 and below)	New FW (B.02.30 and later)
E5071-66671 (Old DSP)	Work with the above FW revision	Work with the above FW revision
E5072-66671 (New DSP)	<u>Does not</u> Work with the above FW revision	Work with the above FW revision

\* Ensure that the DSP Board replaced is compatible with the FW version
