PRINTED IN U.S.A.

June 11, 2009

Rev. 16

Situation:

With the objective to consolidate the safety certification to a single party, the Agilent U1251A True RMS Multimeter will retain the CSA (Canadians Standard Association) Mark and will not bear the UL (Underwriters Laboratories Inc.) Mark on the product.

The product features and performance will remain unchanged with only the CSA mark.

The product without the UL mark should not be considered to be Listed and covered under UL's Follow-Up Service.

Solution/Action:

Information only. No action required.
